

Wednesday 20th January

Hi amazing home learners!

READING TIME

Start with some reading today to warm up your brain.

PHONICS TIME

Today you can watch my second video about are. Can you say the words and blend them together.

LITERACY

You will never believe what happened at school today!!! I came in and there was a letter from NASA who are the national space centre. They said they thought an alien may have landed at school and could we investigate. The children and I went outside to see. We videoed it all for you to share with us. I will make sure the video is uploaded as soon as I can this morning. Can you watch it and write down what you see. You are like a reporter finding out what happened. You can write some sentences and draw some pictures.

MATHS

Today you may want to watch my counting video again. Then there is a cut and sticking activity with 2's and 5's for you to do.

This afternoon we will be finding out who Christopher Columbus was and what he did. He was an explorer just like the explorers who explored space. He was one of the first ever explorers in our world. Can you watch and listen to <https://www.bbc.co.uk/bitesize/topics/zhpchbk/articles/znchkmn> then use the sheet I have added and write down some things about him.

Have a brilliant day!

Love Mrs.Oakes
