

Bishop Cornish CEVA Primary School

Our 'Local Offer' for Special Educational Needs and Disability (SEND)

At Bishop Cornish CEVA Primary School our ethos is reflected in the statement, '**Esteem and Educate.**'

As a school community we are committed to equality and diversity of opportunity for all and strive to ensure that every child is treated as a unique individual, made in the image of God, and is supported to achieve his or her highest potential.

Ours aims are:

- To identify at the earliest opportunity all children who need special consideration to support their physical, sensory, emotional, communication or cognitive development.
- To ensure that all children are given as much support as possible to allow every child to access the National Curriculum and Foundation Stage Curriculum in a positive framework.
- To have an exceptional range of opportunities available both during the school day and beyond, as well as both in and out of school.
- To involve parents, pupils and others in developing a partnership of support, enabling them to have full confidence in the strategy adopted by the school.

Our school encourages parents/carers to discuss any problems or concerns directly with our teaching staff, who are continually monitoring and assessing every child's progress – academically, socially, emotionally and physically. Any pupils causing concern, either because they are failing to make expected progress or because there have been behavioural changes, are investigated and supported in consultation with parents/carers. Any safeguarding concerns are dealt with according to Safeguarding legislation. Pupil progress is monitoring through a detailed tracking

system which enables teachers to identify gaps in pupils' learning and put appropriate support in place through intervention programmes.

All teachers have adopted the Graduated Approach cycle of Assess, Plan, Do, Review cycle as identified in the Special Educational Needs and Disability Code of Practice (July 2014). Our aim is to meet the needs of all pupils through high quality, precision teaching where planning is differentiated and teaching methods use a range of pedagogies. Each classteacher has 'focus' pupils who receive additional monitoring and support.

If a child is not making expected progress the classteacher will consult with the SENDCo to review additional strategies and teaching approaches. If the outcome of a 'review' supports the need for a SEN Support Plan parents/carers will be consulted and involved in the development of 'the Plan'. The first stage would be for a child to be put 'On Alert' where progress is monitored closely. If expected progress is still not being made the child will be put on the register of need and an Individual Support Plan will be given.

Provision Maps are used to reflect areas of additional support and may consist of 1 to 1 teaching assistant support (either in class or in a withdrawal space), small group interventions, specialist resources and activities, and working with outside agencies.

In some cases parents/carers can request a statutory assessment which may result in the Local Authority issuing an Education, Health and Care Plan (EHCP). All relevant professionals are required to submit a professional report and attend review meetings. EHC Plans are reviewed annually for KS1 and KS2 pupils and every 6 months for Foundation Stage pupils. The EHC Plan will set objectives for the pupil and identify additional support and specialist activities.

Pupils requiring SEND support are those who need provision that is different from, and additional to, their peers. SEN provision for pupils is reviewed termly. Teaching staff meet termly with the SENDCo in order to review progress and targets.

The 'Assess, Plan, Do, Review' cycle has been developed in the following way:

Assess. This involves a review of the pupil's needs based on:

1. The pupil's previous progress and attainment and current attainment.
2. Teacher assessment and observation.
3. The views of parents/carers and the pupil.

4. Comparison to their peers and national data.
5. Assessments by external services if appropriate.

Plan. Following the assessment/review and in consultation with parents/carers a plan of action will be agreed.

1. The plan will be time limited with specific outcomes for the pupil.
2. Support and interventions will be put in place with adjustments made as appropriate.
3. A termly date for review will be included.

Do. All involved in teaching and supporting pupils with a SEN Support Plan (including supply staff) will be made aware of the plan with teachers responsible for:

1. The delivery of '**additional and different**' provision for a pupil with SEN.
2. Planning, ensuring appropriate support, and measuring impact of support, particularly for one-to-one interventions delivered by support staff.
3. Ensuring a personalised and differentiated curriculum.
4. Ensuring interventions are directly linked to classroom teaching.

The SENDCo will support teachers in the implementation of the SEN Support Plan and EHC Plans. Termly meetings are held by teachers with the SEND Governor.

Review. A review date will be included in all SEN Plans and will include a measure of the quality, effectiveness and impact of the SEND support. This review will always be shared with and in consultation with parents/carers. The cycle will then resume by reassessing the needs of pupils and a continuation of, or change to, the support SEN plan.

The effectiveness of provision is also monitored by the Senior Leadership Team.

Name of the Special Educational Needs and Disabilities Co-ordinator (SENDCo): Mrs Emma Nile

Designated Teacher for Children in Care (CiC): Mrs Emma Nile

Name of SEND Governor – Mrs Theresa Lyndeyer

1. Listening to and responding to children

<p>Whole school approaches. The universal offer to all children and young people</p> 	<p>Additional, targeted support and provision.</p> 	<p>Specialist, individualised support provision.</p> 
<p>Children vote for team captains.</p> <p>Class representatives serve on School's Council and attend Governors' Meetings.</p> <p>Pupil voice is an important part of our school and helps shape decisions regarding learning, the environment, events and activities.</p> <p>Pupil conferencing by the Senior Leadership Team and Governors is used to gather pupils' views on school provision.</p> <p>Children attend some Parent Consultations to discuss progress.</p> <p>Group and individual pupil conferencing is used to review progress.</p>	<p>Programmes/clubs for communication.</p> <p>Nurture clubs.</p> <p>Afterschool activities (targeted).</p> <p>Prayer/concern cards.</p>	<p>Child's input on SEN Plans, Team around the Child (TAC) and Personal Education Plan (PEP) meetings.</p> <p>SEN Support Plans (IEP's) are written for all pupils with SEN needs and are reviewed regularly.</p> <p>We endeavour to take into account the views of individual children and adults.</p> <p>Pupils with SEN needs and Pupil Premium children have provision maps which are regularly reviewed.</p>

2. Partnership with parents and carers

<p>Whole school approaches. The universal offer to all children and young people</p> 	<p>Additional, targeted support and provision.</p> 	<p>Specialist, individualised support provision.</p> 
<p>The parents/carers of all children are invited to attend parent/carer evenings every term.</p> <p>Parents/carers are invited to transition meetings for next phase.</p> <p>Reports are sent out annually.</p> <p>The SENDCo is available to meet with parents.</p> <p>Parents/carers are contacted using the text messaging service.</p> <p>Visits to pre-school settings take place in preparation for entry to reception.</p> <p>Learning Journeys (in Reception class) are shared termly.</p> <p>Parents/carers know who to contact if they have a concern or worry. An Open Door policy exists in school.</p> <p>Weekly Newsletters are provided.</p>	<p>Translator supported events when necessary for English Additional Language (EAL) parents/carers to enable them to know more about the school.</p> <p>Booster sessions for Y6 are accessed after school in the spring term.</p> <p>Parents are encouraged to contact school regarding concerns at any time.</p>	<p>Parents/carers are supported if required and are actively involved in TAC and PEP meetings and reviews.</p> <p>Parent/carer's views are an integral part of Early Support meetings and SEND reviews.</p> <p>Advocacy, through SEND Information, Advice and Support Service (SENDIASS) is available to enable the above.</p> <p>All documentation is presented in a format that is accessible to individual parents.</p> <p>Home school liaison books are maintained.</p> <p>Meetings for EAL pupils and their parents/carers are supported by a translator when required.</p> <p>Parents/carers are informed of any additional interventions their child receives.</p>

<p>The school website is updated regularly.</p> <p>Parents/carers are invited to key events throughout the year e.g. Harvest, Christmas</p>
