

Wednesday 3<sup>rd</sup> March

Hi superstars!

### **READING TIME**

Start with some reading today to warm up your brain.

### **PHONICS TIME**

Today you can watch my second video about ea. Can you say the words and blend them together.

### **LITERACY**

Today we are going to have a go at writing the story of Jack and the Beanstalk. In school we have been talking about how it starts with 'Once upon a time' as it is a traditional story. It also finishes with 'Lived happily ever after'. You may know other stories like this as well. You have a choice today. You may want to write your own story on a piece of paper using your story plan or I have included some pictures that you can use to write some simple sentences about the story. The choice is yours!!! I would love to see the stories next week. If you don't get this finished today then you can carry on in Fridays lesson time.

### **MATHS**

Today we are going to move on to counting in 5's again. I want you to do exactly the same as yesterday but making groups of 5.

Can you get some lego or pasta or sticks and put them into lots of 5. It would be really helpful to use those words 'lots of'.

Now roll a dice or turn over a number below 10. Can you get that many lots of 5 just like we did yesterday. This is a bit more tricky so keep practising.

This afternoon we will be watching a short video about a famous artist called Van Gogh. You can watch it here

[Vincent van Gogh - KS1 Art and Design - BBC Bitesize](#)

Then we will be looking at his famous sunflower painting and talking about the different textures we can see. If you have some crayons at home you could have a go at creating your own sunflower picture but if you don't I have included some sunflower pictures for you to colour in. They are all based on the style of Van Gogh.

We will also be playing outside together this afternoon so maybe you can get some fresh air and go for a walk or play in your garden.

Have a fun filled day!!

Love Mrs.Oakes
