

Y4 Homework - Friday 2nd October

Topic

Look at the topic grid which we were working on last half term. The aim was to complete 3 of these activities before the end this half term. What you have all created so far is absolutely amazing - well done.

Maths/Times Tables

This week we have been working on a range of times tables. We completed a 'beat the clock' times table challenge and did really well. Next week, we will complete the challenge again and see if we can either beat our score or time from last lesson - we have all set our own goal for next week. Use the grid to practise with for next week.

Christmas Cards

The children have all brought home a letter explaining about designing their own Christmas cards. Together in class we have talked about this and have been trying out some ideas of our own. Use your homework time over the weekend/Monday evening to complete these designs if you wish to do so. All the information is on the given letter and these need to be back in school by Tuesday. I have suggested to the children to carry them inside their homework books to keep them flat.

Spellings

These are the spellings we will be working on in class this week and continuing on into next week. Use the ideas suggested on the homework letter at the front of the book to help you. Remember, you do not need to learn all of these as a spelling list.

Injection politics Politician Locate Location Electrician	Educate Education Mathematician Musician Magician Magical	Construct Construction Attract Attraction
