

Thursday 21<sup>st</sup> May

How did you find making your natural gingerbread men? Did you manage to find lots of things to make them?

Today I want you to imagine a new ending to the story! Did he get away? Did he find a different way across the river? What did he do if he did get across?

See if you can draw a picture and write down some ideas that show your new ending, be as imaginative as you want!

Time for some math's! I have a photo shape challenge for you today. Can you find something that is square, circle, triangle and rectangle shapes? Then take a picture of it! What other shapes can you find as you are looking for those.

For some RE can you read the story of the Good Samaritan? How did it make you feel? The Samaritan shows us that we should always try and do the right thing even if it can be a bit tricky.

Can you think of 5 things you do that can help someone or that are doing the right thing?

You can even think about how you help the environment like turning the tap off and how you help animals!

Love Miss Edlin
