

Monday 25<sup>th</sup> January

Good morning!

How are we all today? I hope things are going well and you are all enjoying time together. I really enjoyed seeing some of you on Friday in our weekly zoom and hope to see you again this week.

Here are lots of things you could have a go at while you are at home.

### **READING TIME**

Enjoy your book today. Don't forget we can change your books at school on a Thursday.

### **PHONICS TIME**

This week we will be focusing on the sound ur for the first two days. Can you watch my video of me teaching you the sound today?

### **LITERACY**

This week we are going to be very busy helping NASA find a way to get Beegu back home and stop him running around Saltash! The first thing we need to do is to ask NASA some questions about Beegu. What do we need to know? Can you have a go at writing a letter starting Dear NASA and ask some questions. You may want to ask the questions with words like what, who, why, when, which. If you don't want to write a letter maybe you can film you asking the questions to NASA and send them to me. We may even get a reply.

## **MATHS**

This week we are going to work on all sorts of addition and subtraction. Can you watch my video first. There is an addition activity today. If you don't have a dice then write numbers 1-6 on pieces of paper and turn them over.

Choose a number on a 100 square and roll the dice or turn a piece of paper. Add that number. You may even want to write the number sentence. Make sure your numbers are the right way around.

This afternoon we will be doing PE. We will be using the balance bikes today. Can you go out on a scooter or a bike and see if you can control it really well.

When we come in we will be listening to a piece of music for RE and thinking about how we have been forgiven by someone and how it felt. <https://www.youtube.com/watch?v=VrKnXtX8-aI>. Maybe you could have some lovely cuddles while you listen to the song.

Have a great day!

Love Mrs.Oakes
