

Year 2 Thursday 26th March 2020

Good morning,

Hope you are bright and happy this morning.

Continue learning your Times tables - 2s, 3s, 5s or 10xs tables.

Continuing on from yesterday - What shape am I?

WHAT SHAPE AM I?

I have one curved face.

I have one flat face.

My flat face is a circle.

I have 1 point or vertex.

I have one curved edge.

I am a?

WHAT SHAPE AM I?

I have one curved face

I have 2 flat circular faces.

I have two curved edges.

I have no vertices.

I am a?

Move maths challenges

Deepen it 1

Sam says that a sphere has 1 face and 1 vertex. Is he correct?

Explain your reasoning.

Deepen it 2

Zita says she knows she has drawn 2 cubes because both of her shapes have 6 faces.

Do you agree or disagree?
Explain your answer.

Mindfulness Break

Lie on your back in the garden and close your eyes.

Spend 1 minute doing each of the following:

- listen to what you can hear
- Concentrate on how the ground feels on each part of your body that is touching the ground.

Read a book together with an adult.

Draw the superhero you would be. Write a short description including what you look like and what your powers are.

23

If you were a superhero what power would you have and what would your name be?

Why?

Use your imagination

Think of 12 uses for a paperclip - explain each use to a family member.

Wake up your body

Challenge yourself and see if you can do 100 star jumps!

If you have skipping rope, see how many you can do before stopping.

If you have a tennis racket, see how many times you can bounce the ball without it touching the ground.

Find a step. Step up and back down 100 times. You could just step or go faster.

Enjoy your day. Smile and sing! Mrs. Clelland
