

Wednesday 27<sup>th</sup> January

Hi superstars!

### **READING TIME**

Start with some reading today to warm up your brain.

### **PHONICS TIME**

Today you can watch my second video about er. Can you say the words and blend them together.

### **LITERACY**

Today we are going to have a look at instructions and how to write them. Instructions always start with a command word. Watch my video about instructions and how to write them. Now can you make a jam or ham sandwich (it's up to you) and talk about the instructions. What words do you use? Maybe you could even give instructions to a grown up to make a sandwich for your lunch.

### **MATHS**

Today we are going to move on to another really important maths skill. We would like you to start by counting in tens from different numbers. Now get your 100 square out. Choose a number and add 10. Write the number sentence down. Is there a pattern? (grown ups - encourage your child to see that they just go down a square and add one to the tens number)

This afternoon we will be learning about Neil Armstrong. There is a video here that you can watch and you may want to learn more in books at home

<https://www.bbc.co.uk/bitesize/topics/zhpchbk/articles/z4w3mfr>

Can you write some things on the sheet about him?

We will also be playing outside together this afternoon so maybe you can get some fresh air and go for a walk or play in your garden.

Have an amazing day!

Love Mrs.Oakes
