

Wednesday 20th January

Mid- week already, where is the time going? I hope you had fun making playdough yesterday, we enjoyed it in school.

Shall we start the day off with cosmic kids yoga? Sometimes we like to switch things up in school and get rid of some wriggles ad jiggles first thing. Pick one to follow ready for the rest of the day <https://cosmickids.com/watch/>

Good job! Phonics now and a new sound. Zzzzzz a bit like a bee, zzzzz, watch the video on the school website for how to say and write the sound. Again save the writing until tomorrow, lets today practicing saying the sound and thinking of some z words.

Sticking with coins and more money in maths today! Time for a shop. Adults can you collect different items and label them with the cost? Stick with just coins today that require no adding together, so whole amounts and just one coin. Children can you try and buy some items from the shop? Is 5p enough to buy something that is 10p? See how you get on.

Now who is coming along to our zoom call? We are looking forward to seeing all your lovely faces and hopefully we can all have a chat together and see how you are getting on at home. We can share some things we have been busy learning and doing in school too.

Woods Wednesday! We always make the most of our woods on a Wednesday and take time to go outdoors. It is so important to make sure you get some fresh air during this tricky time. Can you spend some time outside reading, writing, drawing, listening to music or just sitting? You may want to do some more energetic activities- jumping, walking, skipping, hopping and just making the most of the outdoor space you have. If it is pouring with rain you could do these activities inside instead.

And lastly here is your dinosaur fact. So far 108 species of dinosaurs have been discovered in Britain (that's where we live!)

Have a super-duper day

Mrs Edlin
