Good morning everyone. Well, I wonder did you guess which was my most and least favourite mini-beast and why.
My most favourite is a ladybird because I like the colour and think they are beautiful when they fly. I used to search for them all the time when I was your age.
My least favourite is 100% a spider. I scream so loudly when I see one, that everyone in my house jumps. I lived on a cottage on a pig farm when I was young and used to wake up to see massive ones dotted all over the bedroom walls. Ugh!

Maths
Remember

Grouping can be a more efficient way to solve this problem.

$80 \div 2 =$

How many groups of 2 have you got?

Moving on from yesterday...
Watch my Tuesday video which shows how to exchange.

How might you solve...

$18 \div 3 =$

Sometimes we need to exchange when we are dividing by grouping.

Once you have watched my video, have a go at the following.

Remember, you might need to exchange.

27 ÷ 3 =

16 ÷ 4 =

15 ÷ 3 =

_____

RE - Judaism. Theme: The Covenant.

Key Question – How special is the relationship that Jews have with God?

Think about a time when you made a promise – was it easy to keep it?
Today's learning is about the special relationship or Covenant (promise) between God and the Jewish people.
The Covenant started in the book of Genesis when God promised to give Abraham and his wife Sarah children – even though they were very old! They were to do as God asked and he would protect them and give them the land of Israel.
If possible do one of the following:
· Read the story of Abraham and Sarah (Genesis Chapter 15- 21) from a children's Bible – or look on www.dlltk-bible.com   or
https://www.biblefunforkids.com/2013/07/genesis-abraham-sarah.html
I have also downloaded the story for you.

where there is a children's version - or…
· Watch the video of God's Story: Abraham and Sarah on
YouTube.
Afterwards have a time of reflection – how might things have seemed to Abraham (Abram) and Sarah (Sarai)? What might they have said or thought at different times? Look at the attached pictures to give you some ideas. Perhaps write a list or write speech bubbles of what they might have thought or said.
Do you think God is good at keeping promises?

English
Remember the story of Anansi and the Pot of Beans. Today, I would like you to begin to innovate the story to make your own version - like we have done in class.

So, make small changes by sticking post-its or pieces of paper over different words.

Early one morning, Anansi the Spider went to help Grandma Spider. He knocked on her door.
"Grandson!" Grandma said as she greeted him with a hug.
Anansi blushed, "Hello, Grandma."

Early one morning, Anansi the Spider went to help Grandma Spider. He knocked on her door. "Grandson!" Grandma said as she greeted him with a hug. Anansi blushed, "Hello, Grandma."
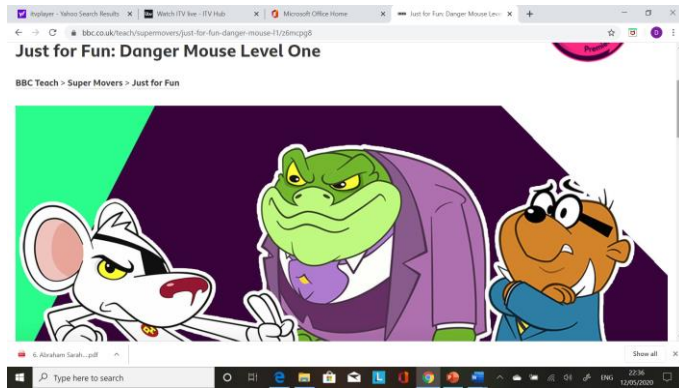

Late last night, Adisa the Spider went to help Uncle Spider. He rapped on her door. "Nephew!" Uncle said as he greeted him with a smile Adisa sighed, "Hello, Uncle."

Innovate and make changes to as much of the story as you like. When you have done this, retell the story to someone else at home. Use your imagination.

Have you been active today?
https://www.bbc.co.uk/teach/supermovers/just-for-fun-danger-mouse-l1/z6mcpg8

If not, have a go at supermovers, just for fun. You have to watch the video clip whilst running and dodge the obstacles as if you are in a video game!

Have a great day.

Mrs Clelland

Deepen It Challenge   Game 2 Snakes and Ladders

Number of sides on 7 triangles	½ of 20 =	Double 7 =	¼ of 24 =
98 – 49 =	30 ÷ 5 =	15m + 19m =	Number of sides on 3 pentagons
¾ of 12 =	Double 15 =	84 – 46 =	½ of 32 =
67 + 29 =	Number of sides on 2 quadrilaterals	48 ÷ 4 =	6 x 4 =
Double 16 =	Half of 18 =	77kg – 27kg =	Double 8 =
91p – 45p =	45 – 38 =	Number of sides on 9 quadrilaterals	Half of 22 =

Scared Scarecrow!

You might have seen our school Boris Bishop scarecrow, which those of us in school had great fun making, or some of the other amazing scarecrows that are around Saltash and the surrounding areas. There are some incredible ones this year.

Today, I would like you to design your own Scared Scarecrow. Draw and colour it and give your scarecrow an interesting name!

What is special about your scarecrow?
Research and find out interesting information about scarecrows.
Can you find out any famous scarecrows from books, films or tv?

Back a very long time ago, when I was younger, there used to be a programme called Worzel Gummidge. Here is a link to one of the programmes. If you are able to, watch the programme then think about what interesting adventures your scarecrow could get up to. If you aren't able to watch it, use your imagination and talk to people in your household.

Perhaps you could draw a comic strip about the adventure or make a mini story book that you could read to other people. Or, you could make a mini scarecrow puppet!

https://www.youtube.com/watch?v=-o79BF3YkCY

Joke time again!

Q: How does a scarecrow drink his juice?
A: With a straw.

I wonder if you can find or make up a scarecrow joke to make someone fall about laughing! Hahahahaha!

Read a book with someone in your family.

I would love to see photos of your scarecrows and hear about what adventures they get up to!

Have a lovely weekend.

Mrs. Clelland xx
