

Thursday 21st January

Hi everybody,

READING TIME

Start with some reading today to warm up your brain.

PHONICS TIME

Can you write my green are words down today please. You can also practice the red words from my red words video.

LITERACY

Today we will be using the information we got from the crash landing yesterday to write a report for NASA about what happened in our school yesterday. Can you give it a title like Beegu crashes at Bishop Cornish then write down what happened. Maybe you could write five things that you saw in the video. If you can pop it in an envelope and address it to NASA, England, UK and pop it in a post box, we may get a reply next week if we are lucky!

MATHS

Today we will be taking our maths outside. If you can watch my video first. If it isn't too wet can you go outside for your maths today. I want you to have a go at finding some things and then estimating how many there are. Maybe you could write how many you think on a piece of paper and then check by counting. I will explain all of this in the video.

This afternoon we will be doing some music. Can you find any instruments or better still some pots and pans!!!! (sorry parents!) Can you think about playing fast and slow music. This is the tempo. Maybe you could pop the radio on and listen. IS it fast or slow? Can you play your instruments along with it? Could you watch boogie beebees on cbeebies and dance/play along with Oti to the different tempos.

Have a fun day!

Love Mrs.Oakes
