

Monday 18th January

Hi everyone

I hope you enjoyed your weekend and got outside for some fun!

I've been really pleased to see all of your home learning so far and I am enjoying speaking to lots of you.

READING TIME

Hopefully you came and picked up some new reading books. Can you have a go at looking at them today?

PHONICS TIME

This week we will be focusing on the sound aw for the first two days. Can you watch my video of me teaching you the sound today?

LITERACY

This week we are having a bit of a different Monday where we practice our letter formation. It is really important that you form all of your letters correctly. Can you have a go at the letter formation and pencil control sheets that I have put in today. .

MATHS

Over the few days we are going to be counting in 2's, 5's and 10's. Can you watch my video about this? Today I want you to count in tens and complete the counting in tens sheet.

This afternoon we will be doing some science. In science we are going to use what we know about materials to design a rocket. You might want to ask a grown up to start collecting a bit of junk as over the next few weeks we will be using it.

Have a lovely day!

Love Mrs.Oakes
