

Year 5 Spanish

Hola niños

I hope you are all well and thank you to those of you who sent in your work last week, some fabulous Spanish high streets!

Following on from the work last week I would like you to write some Spanish sentences describing your high street using the Spanish word 'Hay' (There is/are) and the new vocabulary you have learnt. Please see some examples below.

- En la calle mayor hay dos hoteles y un hospital (On the high street there are two hotels and a hospital).
- Hay dos tiendas y un supermercado grande en la calle mayor (There are two shops and a large supermarket on the high street).
- En la calle mayor hay tres tiendas y un museo (On the high street there are three shops and a museum).

You could do some little drawings beside the sentences if you like. Aim for between 5 to 10 sentences.

un supermercado= a supermarket

un mercado=a market

un café = a café

una tienda= a shop

un banco=a bank

un hospital=a hospital

una oficina de turismo = a tourist information office

una oficina de correos= a post office

un museo= a museum

un hotel= a hotel

una catedral= a cathedral

As I said last week you may find it interesting to look on the internet at photos of a typical Spanish high street and see how it compares to one in England. If you go on to BBC Bitesize KS2 Spanish there is a topic called 'Exploring the Town' where you can listen to some of the new Spanish words and also a game and quiz that you can play. There is also a short series on the BBC called 'Virtually There' about an English girl and her Spanish penpals which is worth a watch.

Have fun!
