Extreme Reading - 1st homework activity: <u>Please complete this activity as it will form</u> part of our reading display.

Where is the most extreme place you can read? Please get a photograph of you 'extreme reading' and we will use these to make a display in our classroom at school. I wonder where the greatest 'extreme reading' place can be? Please feel free to email this homework to school <u>secretary@bishop-</u> <u>cornish.cornwall.sch.uk</u> and please just mark it a `Year 3 homework'. Many thanks. Have fun!

Get building...build a cave

During the Stone Age, some people lived in caves. If you had to live in a cave, what would you like it to look like and what would be in it? Be as creative as you like, but remember to keep this true to the past so you'll have to leave televisions out! You can either just draw and plan your design, perhaps build a small model of it or even make a cave den at home. We'd love to see any photos of any cave dens built.

Get creative...

Build or make an animal, which would have been around in the Stone Age such as a woolly mammoth. You could be creative with junk modelling or Lego. Alternatively, you could paint or make a collage picture instead.

Get writing...

If you could ask caveman questions, what would you want to know? Write a letter asking everything you would like to find out. Alternatively, you could write some entries from a caveman's diary.

<u>Year 3 Homework</u> <u>Autumn 1st Half 2019</u>

Spellings, times tables and reading – daily Mathletics or online maths activity – weekly These are set on a Friday and due in on a Thursday. Please bring homework books to school on Thursdays.

Stone Age Under the Spotlight

(Stone Age to Iron Age) Choose 2 'free choice' activities to complete for homework over the next half term. Please bring these in once completed. Suggested handing in dates for the topic homework are: <u>Extreme Reading</u> - Monday 16th September <u>Creative task 1</u> - Thursday 26th September <u>Creative task 2</u> - Thursday 17th October

<u>Get playing...</u>

Play has always been an important part of human society. What games might Stone Age people have played if they played if they only had stones, pebbles or sticks to use? Invent a game, explain the rules or develop the pieces. Try to make the game fit in with the Stone/Bronze/Iron Age theme.

Get planning...Stone Age Cafe

Research what people in the Stone Age may have eaten (and why). Create a colourful menu card to show your findings. This activity could link to the other cookery activity below

Get Cooking...family feast

What can you find out about what people would have eaten in the Stone Age? You could help to prepare your family a Stone Age meal. Please take a photograph of the evidence...and some quotes from your family about what they thought of the food.

Get exploring...Prehistoric sites in Cornwall What can you find out about Stone Age, Bronze Age or Iron Age sites in Cornwall? You could either choose just one of these eras above or research an area in Cornwall. Think about how you can show what you have found out. Will you mark sites on a Cornish Map, perhaps visit a local site and take photos or produce a fact page on a particular area. The choice is yours.
