Frog workout

Use Frog to practise subtracting by jumping through 100s.

- 7 Before you start, which subtraction do you think will have the smallest answer? Why?

Where will Frog jump to first? And then? Don't forget to add all his hops!

8 $423 - 379 =$ 44

9 $515 - 468 =$ 47

10 $934 - 886 =$ 48

11 $456 - 375 =$ 81

12 $738 - 682 =$ 56

Subtraction challenge!

- 13** Choose four different digits from 1 to 9 to make this subtraction have the smallest answer possible.

$$5 \begin{array}{|c|} \hline 1 \\ \hline \end{array} \begin{array}{|c|} \hline 2 \\ \hline \end{array} - 4 \begin{array}{|c|} \hline 9 \\ \hline \end{array} \begin{array}{|c|} \hline 8 \\ \hline \end{array}$$

- 14** Choose four different digits from 1 to 9 to make the subtraction have the largest answer possible.

$$5 \begin{array}{|c|} \hline 9 \\ \hline \end{array} \begin{array}{|c|} \hline 8 \\ \hline \end{array} - 4 \begin{array}{|c|} \hline 1 \\ \hline \end{array} \begin{array}{|c|} \hline 2 \\ \hline \end{array}$$
