

Tuesday 19th January

How did you get on yesterday? Did you manage to make some dinosaur feet?
Thanks for sharing some of your fun and learning on Tapestry.

Starting our day with some phonics. Re watch the video to remind yourself of the 'th' sound. Don't forget it is 2 letters but they only make 1 sound. Lets have a go at writing it, remember the tttt tower is first, followed by the hhhh horse (don't forget to make sure the h has a long neck!) how many times can you write it? What th words did you think of? Try writing thin, path, moth and the red word 'the'. Remember a red word is a word that doesn't really make sense when we sound it out.

Let's switch it up and start moving our bodies now before maths. Go on 'youtube' and choose a 5 minute workout lead by Joe Wicks. That should get you ready for the rest of the day.

Carrying on with money now. Have another look at different coins and notes, can you remember what they all are? Can you match the correct coin to the number? Adults can you write down different values like 2p, 5p, 20p etc. and get your children to pick which coin goes with which number?

Another dinosaur fact for you now. There are over 700 different types of dinosaurs but palaeontologists think there could be more to be discovered!

Some creative time now. Can you make some fluffy cloud dough? Don't worry if you don't have all the ingredients, you could save this for another day.

All you need is: 1 part conditioner, 2 parts cornflour and food colouring (optional)

Step 1

Pour your conditioner into a bowl

Step 2

Pour in the corn flour

Step 3

Give the mixture a good stir

Step 4 (optional)

Add a few drops of food colouring

Step 5

Mix well using your hands. This part smells delicious!

Step 6

Have FUN moulding, squishing, shaping and playing with your new fluffy Playdough!

Have a lovely day

Mrs Edlin
