

Year 5 Timetable Week Beginning 28th February 2022
Monday is an Inset day so I've just put research and revision in on the off chance the children want to do something.

MON	TUES	WED	THURS – World Book Day	FRI

<p>English:</p> <p>We are going to start looking at Cornish folklore and tales. Research some of the oldest myths here: https://www.cornwalls.co.uk/myths-legends</p>	<p>English:</p> <p>Draw your setting for your own Cornish myth. You could use the Cornish Wring, the Hurlers, old time mine, railways line etc. Think about the Cornish landscape.</p>	<p>English:</p> <p>You need to create your two main characters today (protagonists). Draw your hero and villain. Annotate with information about their personalities and their appearance.</p>	<p>English:</p> <p>Plan your story using the story mountain headings. If you know I expect more from you in English, use the headings as a guide to start planning using paragraphs to plot your ideas not the sheet.</p> <p>Read and enjoy your favourite story, maybe create a book review for it to display in class 😊</p>	<p>English: Draft your story. Keep referring back to the success story.</p>

LUNCH					

RE Cornwall as a place of Christianity	We are starting our Cornish RE topic and looking at the coming of non-conformity. What do you think this means? What information can you find out about it? Why was John Wesley and the Methodist movement so important to Cornwall? You could write a fact file with your findings or map out your ideas as a concept map.
Science Forces Water resistance	We are looking at water resistance. Read through the PowerPoint and use the activity sheet to design and evaluate your boat – have fun! You could all make one at home and have your own boat race 😊
Geography Cornwall Local History Topic	What can you research about the Cornish tin mines? Can you find out what they produced, how they transported the goods, what the goods used for? How successful were the tin mines and why did they begin to die out? Is there still a need for tin? Explain your thinking.
Art Water Colours.	Use a range of colours to draw or paint your setting for your Cornish folk tale. Google some images as there are lots of books around on Cornish tales to give you some ideas of how your setting will look.
