Normally we would always start our day off with some phonics. Today we are going to look at the y sound, please find the video of how to form the letter and pronounce the sound on the website. Have a go at writing y in different ways you could use pens, pencils, paint or even try writing it in flour, salt or using mud! Make sure you wash your hands after.

Phonicsplay https://www.phonicsplay.co.uk/resources is a super website to practice phonics, it's full of fun games to keep looking at phase 1 and phase 2 sounds. We do little bits of phonics everyday.

In maths can you practice reciting numbers 0-20? Then see if you can count a group of 5,10, 15 and even 20 objects! This could be using anything such as pens, coins or books.

Cosmic Kids Yoga https://cosmickids.com/watch/ have brilliant videos to watch to get moving, follow the story and dance along! We will do something every day to get our bodies moving.

In the afternoon (weather depending!) can you make a dinosaur home outside? See what natural materials you can find to make a shelter. Is it a large dinosaur like a brachiosaurus or small like a velociraptor? Make the shelter to try and keep it safe from other dinosaurs.

I would love to see some of the things you get up to through the day, see if you can ask an adult to send some photos on Tapestry.

Have a lovely day!

Mrs Edlin
