Dear Parents,

This term, in Year 3, I am trialling a different approach to homework. In order to try to make it more engaging whilst supporting and following on from their learning in school, I have devised a Homework Grid.

This grid consists of 10 activities. Each activity is worth either 5 points or 10 points. I would like the children to aim to reach at least 25 points over the next 6 weeks. These homework activities can be completed gradually and can be brought into school to show me once they are completed.

These homework activities are to be completed alongside the expectation of daily reading, spelling and times tables practice as highlighted in our school homework policy.

I hope the children enjoy this challenge and I look forward to seeing the results!

If there are any questions feel free to contact me.

Kind regards

Mrs Dinham
