

Good morning Year3!

Here is your Home Learning for this of this week.

### Maths

This week we are focusing on money.

Monday - Have a look at the attached page from our maths textbook. Have a go at completing it. (This is page 59).

Tuesday - Have a go at today's activity on finding totals and missing amounts of money (page 61)

Wednesday – Now it's time for money problems! See the attached sheet to complete.

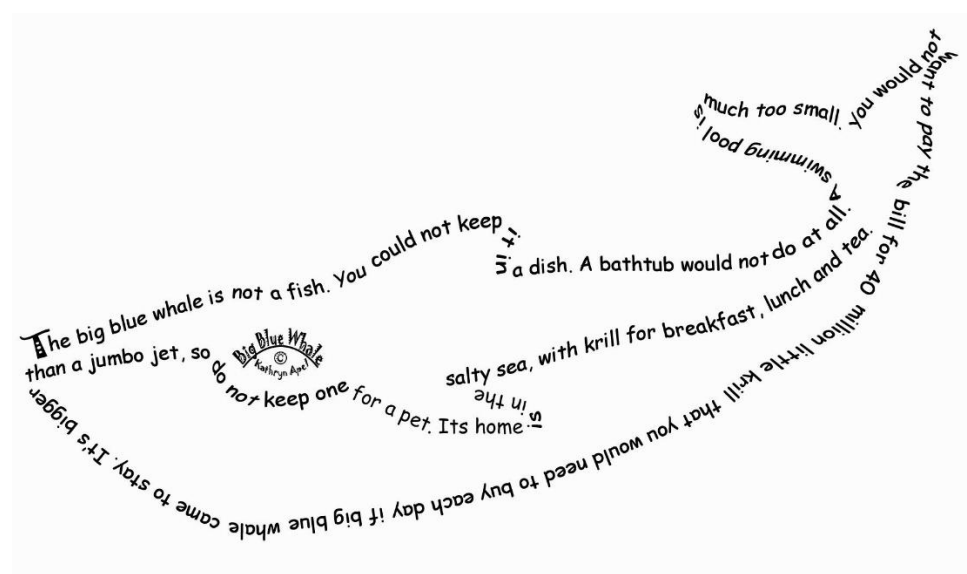

Thursday – See the sheet attached where you are asked to find the correct change from a 10 pound note.

Friday – Can you choose some items from your home and create a whacky shop! Make price labels for your crazy items. Write a shopping list of items from your shop. Work out how much money you will need? Can your family visit your shop? Have fun!

### English

This week we are going to be exploring poetry. In particular shape poems.

In a shape poem, the words are set out so that they look like the subject of the poem. Here are some examples.

Monday –

Follow the Powerpoint up to Slide 6. Work through the discussion points.

Tuesday –

Have a look at the slide below. Oh dear, all the lines are in the wrong order. Can you have a go at drawing an outline of a cup and re-arranging them?

**Let's Try it!**

**Sweet, steamy and smooth**

**As it cools, gulp it down, down, down**

**Mmmmmm.**

**as it sits upon a rich, chocolatey bath.**

**which is as hot as lava carefully**

**Sip the comforting liquid**

**Lick the soft, delicious whipped cream**

Wednesday –

Look at slide 8. Choose a theme for your shape poem. Today you need to start thinking of some words and phrases to describe your theme that you can include in your final poem.

Thursday –

Look at slide 9. Draw an outline of your chosen theme. Have a go at writing your own shape poem. Email your final poems – we would love to see them.

Friday –

Follow the link below

<https://authorfy.com/10minutechallenges/>

Look for Laura Dockrill's 3, daily challenge video on poetry! Can you complete the challenge?! (You don't have to stick to the 10mins!).

### **Geography –**

This week we would like you to work through these map related activities.

- Finding where you live.
- <https://www.bbc.co.uk/bitesize/articles/z76yhcv> follow this link and watch the short videos and activities.
- Designing map symbols. (You will need the internet to help you research ordnance survey map symbols).

### **Tasks to continue throughout the week –**

- **Daily reading**
- **Times table practice.**
- **30 mins of exercise a day! Don't forget to have a 'break' time!**
- **Tell your family a joke !!!!!!!!!!!!!!!**

**Take care**

**Love from Mrs Edwards & Mrs Nile.**
