## Maths

In Maths this week we're going to be having a go at Area and Perimeter. Can you remember how we work out the perimeter of a shape? Have a look at the poster below to remind you.

That's right, you have to add together the length of all the sides of the shape. Sometimes you will be given the lengths, which is very helpful, but sometimes you may have to use a ruler and measure the sides yourselves.

Have a go at the worksheet attached.

## English

Yesterday we asked you to have a go at the challenge, how did it go?!

Today we would like you to continue to think about your favourite book and in particular the author who wrote it. Use the attached sheet to help you make a poster about the author.

### **Topic/History**

Today we will be finding out about the Gurdwara – The Sikh Holy Building.

Have a look at the PowerPoint about places of worship. After that have a go at the labelling worksheet attached. See if you can match the parts of the Gurdwara to the matching statements.

Have a great day!

Love from Mrs Nile & Mrs Edwards xx
