English: Research a state in North America and take notes on a concept map of what you found out.	English: Look at some online or hard copies of travel brochures. Can you identify key features of a holiday brochure.	English: Plan your holiday brochure. Look at the PowerPoint for key features of a non-chronological report.	English: Write up pieces for your holiday brochure. Don't forget to look formats of holiday brochures, they do not write them up like a story. They are in boxes. Use headers, sub headings, bullet points etc.	English: Transform your writing with imagery. Can you include some photos or illustrations to make your holiday brochure appeal to your audience.
<b>LUNCH</b>				
RE The Creation	There are many Christians who are scientists. Read the interview with Dr Jennifer Wiseman, astrophysicist. <a href="#">Jennifer Wiseman</a> Which questions would you like to ask her if you met her? Maybe how she interprets Genesis and why? How does evolution fit with religion? Write a reflection about what YOU think.			
Science Forces	We are starting our forces topic. Look through the PowerPoint presentation and then complete the worksheet.			

Geography North America	What Do You Know about the Amazing Americas? (Place names, holiday destinations, flags, anthems, presidents, etc.) Did you realise that that North and South America are more than just the USA. Each is a continent; a continent is large landmass, usually made up of many countries. Can you draw a map of North America showing the States within.
